Admin end

- 1. Please explain the functionality of modules, User role, role access.**
- 2. Students → option for manual override required.**
- 3. Team members section → deactivation option required**
- 4. Option to edit the package details required.**
- 5. Exam section → explain.. Old ones are missing**
- 6. Separate section for NTET and NEXT → required. Or else while entering the questions/ study material/videos there should be drop down option to choose “AIAPGET/PSC/UPSC”, “NEXT”, “NTET”. So that a person selecting the individual course will be shown only those questions and videos. (WILL DISCUSS ON CALL IN DETAIL)**
- 7. Question section → after filter option is applied and 1 question is edited, automatically the page gets refreshed.**
- 8. Feedback section → update and resolve section required in each question. And once a question is checked. Don't redirect to question section. The editing to be done in feedback only.**
