The control panel should always be on the left

metallite.in/config/shopwork/public/admin/products.php

A light-colored form for adding or editing a product. The form is titled 'Product Information' and is divided into several sections. The first section contains two input fields for 'Product Name (EN)' and 'Product Name (AR)'. The second section contains a 'Price' input field and a 'Category' dropdown menu with a 'Select Category' button. The third section is for 'Description (EN)' with a large text area. The fourth section is for 'Description (AR)' with another large text area. The final section is for 'Thumbnail Image' with a small input field. The form is set against a light gray background with a subtle grid pattern.

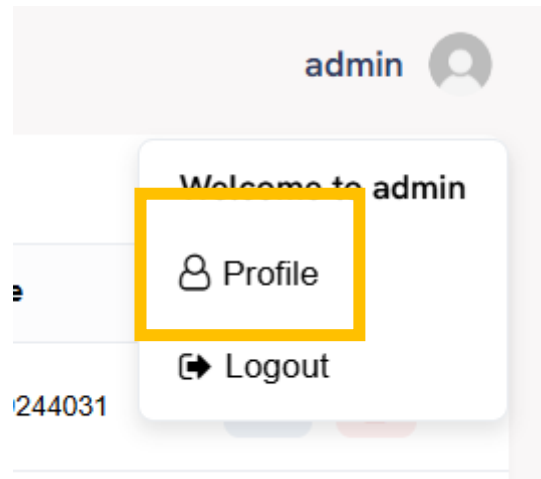

- Nothing appears when I press on this

The image shows a web form for product information. At the top left, there is a small icon of a document with a checkmark, which is highlighted by a yellow rectangular box. To the right of this icon, in the top right corner of the form, is the text "admin" next to a user profile icon. The form itself is titled "Product Information" and contains several input fields:

- Product Name (EN)**: A text input field.
- Product Name (AR)**: A text input field.
- Price**: A text input field.
- Category**: A dropdown menu with the text "Select Category" inside.
- Description (EN)**: A large text area for the English description.
- Description (AR)**: A large text area for the Arabic description.
- Thumbnail Image**: A section for uploading a thumbnail image, which is partially visible at the bottom of the form.

- When I press of Profile, there is nothing !

- Picture of the product should also be displayed in action

All Orders
