

1-how to change admin email and password

2-user details not show in admin side

3-registration not the same as I sent

4-variant and attributes not working properly for example if the price is 100 if I choose gold it be 120 and if small size same price if I go with M size it become 130 for example but if I choose silver it be 110 and with M side it be 120 with L size it be 130 so I mean every category the price increase not chosen

5- phone number and country code not available

6-what is this pincode
